Early or Winter-Flowering

Spencer Sweet Peas

The growing of Early Winter-Flowering Sweet Peas has now become as much a part of the regular growing plan of all florists as is the carnation bed. Although there are a few recognized varieties that florists have used for a number of years, new sorts of proven merit are being introduced from year to year and the following list contains several of the best of these new introductions as well as a number of the best of the older varieties. Even where you do not have space to grow Sweet Peas in the greenhouse, if you will plant these extra early flowering varieties in a warm, sunny location out-of-doors during January or February you will get your flowers unusually early in the spring.

Sweet Peas sown in greenhouses need more care in planting than those sown in the open ground in order to prevent damping off. Sow very thinly and thin out to about three inches in the row. It is best to sow the tender varieties, such as whites and light pinks, in sand and transplant. Sow ninety to one hundred days ahead of the time that you want the bloom. For Christmas blooming the seeds should be sown about the middle or latter part of September.

Early-Flowering Sweet Peas bloom in one hundred to one hundred and ten days in the open ground under normal conditions. Time required to bring into bloom in the greenhouse will vary more or less according to the amount of sun light and heat.

Our customers tell us that Winter Flowering Sweet Peas are one of their best paying crops and a row through the center of a wide ground bench is a good investment.

Prices all varieties except as noted:

VICK'S
Wholesale Bulb, Seed and Plant Catalogue

For Fall of Nineteen Hundred Twenty

The Prices in This Book are for Florists and Dealers Only

HERE are three reasons why you should take advantage of the biggest and most profitable bulb season on record for florists and growers. Everybody wants flowers, and they are willing to buy the best. Bulbs can be raised to perfection with very little heat. In case of a coal shortage there is much less risk of damage than with any other kind of flower. If necessary, they can be buried outside in flats or pots this fall, covered over with leaves, straw and boards, and they can be dug out during the coldest weather, no matter how hard they freeze, and if slowly brought into heat, they will bloom in a very short time. Moreover, the best varieties of bulbs are now cheaper than ever. When the Holland Bulb Growers, during the war, were forced to discard large stocks of bulbs in order to provide acreage for food crops, they discarded, very naturally, the lowest priced and poorer varieties, keeping only the choicest. Now that they are once more increasing their acreage they are building up a supply of those wonderfully fine varieties, which before the war were very high priced. We have built our Catalogue over to include these choice varieties and to leave out kinds having no distinctive merit. Our list not only still contains the best of the old stand-bys, but it includes many new varieties, which, because of their comparatively low prices, are this year for the first time brought within the range of florists and growers for commercial purposes.

Our Terms are liberal. To parties of approved credit we allow 60 days time, or 2 per cent. discount if paid in 10 days from date of invoice, or 3 per cent. if cash is sent with order. Orders from new or unknown customers should be accompanied by cash; or, if credit is desired by new customers, satisfactory references, preferably banks and business concerns who have extended credit, will be required. No goods will be sent C. O. D. unless a partial remittance is made as a guarantee that goods will be accepted. *These prices are subject to change without notice.*

Our Facilities are unsurpassed. With splendid freight and express accommodations we can handle orders rapidly. Nine railroads enter Rochester, whose numerous fast freight and express trains enable customers to secure their shipments promptly.

At prices here quoted we deliver all goods to the freight or express companies in Rochester, with no charges for boxes, packing or carting. With our excellent equipment for shipping we can be depended upon to send out bulbs in apparent good condition; after that our responsibility ceases. While we exercise great care to have all Seeds, Plants and Bulbs true and reliable, we give no warranty, express or implied, as to description, quality, productiveness or any other matter, and we will not be responsible in any way for the crop. If the customer does not accept these terms, it is not a sale, and the goods are at once to be returned, and the money paid for same will be refunded. Subject only to the above conditions, and by reason thereof, we make the moderate prices at which we sell our goods.

Special Notice. Customers should give on every order, full name, postoffice, freight or express station, county and State; and also advise whether goods are wanted by express or freight. In the absence of such instructions we will ship according to our best judgment, but will not be responsible for the consequences. WE USUALLY SHIP BY EXPRESS, believing that course to be safer and more satisfactory. But sometimes, in the absence of instructions, we ship by freight, especially in cases of heavy shipments, to points easily reached. We have no fixed rule, however, and advise that customers give their preference.

A Final Request. Customers should advise whether they desire the varieties shipped when ready, or the entire order held until it can be shipped together. If not advised, we will ship when each kind of bulb is ready. The early Bulbs—Paper White Narcissus, Freesias, Candidum, Harrisii and Calla Lilies—can be furnished at once: nearly all of these have already arrived. Hyacinths, Tulips, Crocus, etc., in September; Lilies of our own growing can be furnished in October while most imported hardy lilies, do not, as a rule, arrive until late in October or November.

Vick's Lilies For Forcing

LILIUM HARRISII

Invaluable for florists. Can be forced into bloom by Christmas. Our stock comes direct from one of the best growers in Bermuda, to whom we pay special prices to secure extra good bulbs, well grown, thoroughly ripened, carefully packed. We believe this stock will give perfect satisfaction. Owing to the fact that Easter is early this year Harrisii will be in great demand.

Per dozen, $4.00; per 100, $28.00

LILIUM LONGIFLORUM MULTIFLORUM, Japanese Easter Lily

This magnificent lily is a great favorite both for forcing and outdoor planting. It resembles L. Harrisii in color and shape. While it cannot be brought into flower quite as early, it is a great favorite to follow Harrisii. Flowers are pure white, trumpet shaped and exquisitely fragrant. We offer only the best imported stock.

Original case contains 300 7 to 9-inch bulbs. Per dozen, $3.00; per 100, $20.00.

LILIUM FORMOSUM

This is a splendid pure white, free flowering Lilly of the Longiflorum type, imported by us from the Island of Formosa. The Formosum can be forced into bloom earlier than any other Lily of its type except Harrisii, for which it is a good substitute.

6 to 8-inch, per doz., $3.00; per 100, $20.00. 7 to 9-inch, per doz., $4.50; per 100, $28.00.
8 to 10-inch, per doz., $5.00; per 100, $35 00.

LILIUM GIGANTEUM -- Blue Stem

The best of the Japan Lilies. A little later than the other varieties but hardier and freer blooming. Bulbs can be put in cold storage and taken out as needed during the Winter and Spring, or may be planted at once the same as Formosum.

Size		Per doz.	Per 100
6–8 inch.	Good size for forcing. Original case contains 400 bulbs	$2 00	$15 00
7–9 "	Extra fine, very popular. " " " 300 "	3 00	20 00
8–10 "	For use where large number of blossoms per stalk is desired. Original case contains 250 "	4 00	25 00

LILIUM CANDIDUM

This variety is sometimes called the Annunciation Lily, or Madonna Lily. Good for forcing, also used for outdoor planting. Its snowy white flowers are borne aloft by long, slender stems. Unsurpassed in stateliness and beauty for outdoor culture.

Large Size Bulbs, per doz., $1.75; 100, $12.00. Extra Size Bulbs, per doz., $2.25; 100, $15.00.
Mammoth Size Bulbs, per doz., $2.50; 100, $18.00.

The prices on this page are based on the best information available at the time this catalogue goes to press, but are subject to revision up or down according to the market at time of shipment.

CALLA LILIES

DRY BULBS

Owing to the shortage of the other Lily stocks there is bound to be a tremendous demand for Calla Lily bulbs.

Superior for forcing. Our bulbs are thoroughly ripened and come direct from one of the largest growers in the world.

We have a very select stock of bulbs, 1½ to 2 inches which we offer at $2.50 per dozen or $18.00 per hundred.

Mammoth Bulbs 2½-in., doz., $3.50; 100 $25.

FREESIA PURITY

This variety has taken the place of Freesia Refracta Alba and is far superior to it. These bulbs can easily be brought into bloom for Christmas by early planting and always find ready sale. The stock that we handle is a superior, well-selected strain of fully matured bulbs that are sure to bloom under normal conditions. First size, per dozen, 35 cents; per 100, $1.50; per 1000, $12.00. Extra choice, per dozen, 50 cents; per 100, $1.75; per 1000, $14.00.

NARCISSUS, Paper White Grandiflorus

Superior in every way to the ordinary Paper White. Very popular for forcing. Can be brought into flower in about 30 to 40 days. Will do well in ordinary house temperature and with no special care. For growing in dishes in pebbles and water they are equal to Chinese Lilies. Flowers are large, pure white and possess a pleasing fragrance.

Prices, 14–16 centimetres per dozen, 50 cents; per 100, $3 00; per 1000, $25 00.
13–15 centimetres per dozen, 45 cents; per 100, $2.75; per 1000, $22.00.
Trade size, per dozen, 40 cents; per 100, $2.50; per 1000, $20.00

NARCISSUS, Paper White, Giant White

This is a new variety that is strongly recommended by French growers as being an improvement over Paper White Grandiflora. Stems are stronger and flowers and clusters both are said to be larger. Include a few of these in your order for trial. Our stock is from the original grower, only a few cases are coming and orders will be filled in the order in which they are received. Price, per dozen, 50 cts.; per 100, $2.75.

CHINESE SACRED LILY

Used extensively for growing in gravel and water. The flowers are Polyanthus type white with yellow eye borne in clusters on long stems. Per dozen, $1.25. Per basket of 30 bulbs, $2.75. Per mat of 4 baskets, 120 bulbs, $10.50.

Not less than six Bulbs of a kind at the dozen price, 25 at the 100, or 250 at the 1000

A BED OF VICK'S SEPARATE COLOR HYACINTHS

MINIATURE HYACINTHS

One of the odd results of the shifting of price on varieties of bulbs is that M niature Hyacinths or Dutch Romans of excellent quality can now be bought for about the same price as tulips and as they can be used in so many more ways they are of infinitely greater value to the florist than tulips. Miniature Hyacinths furnish splendid cut flowers for funeral work and can be grown in flats the same as paper whites. In the following list will be found many new and valuable varieties as well as all of the best of the old standard sorts.

Per dozen, 55 cents; per 100, $3.75; per 1000, $34.50

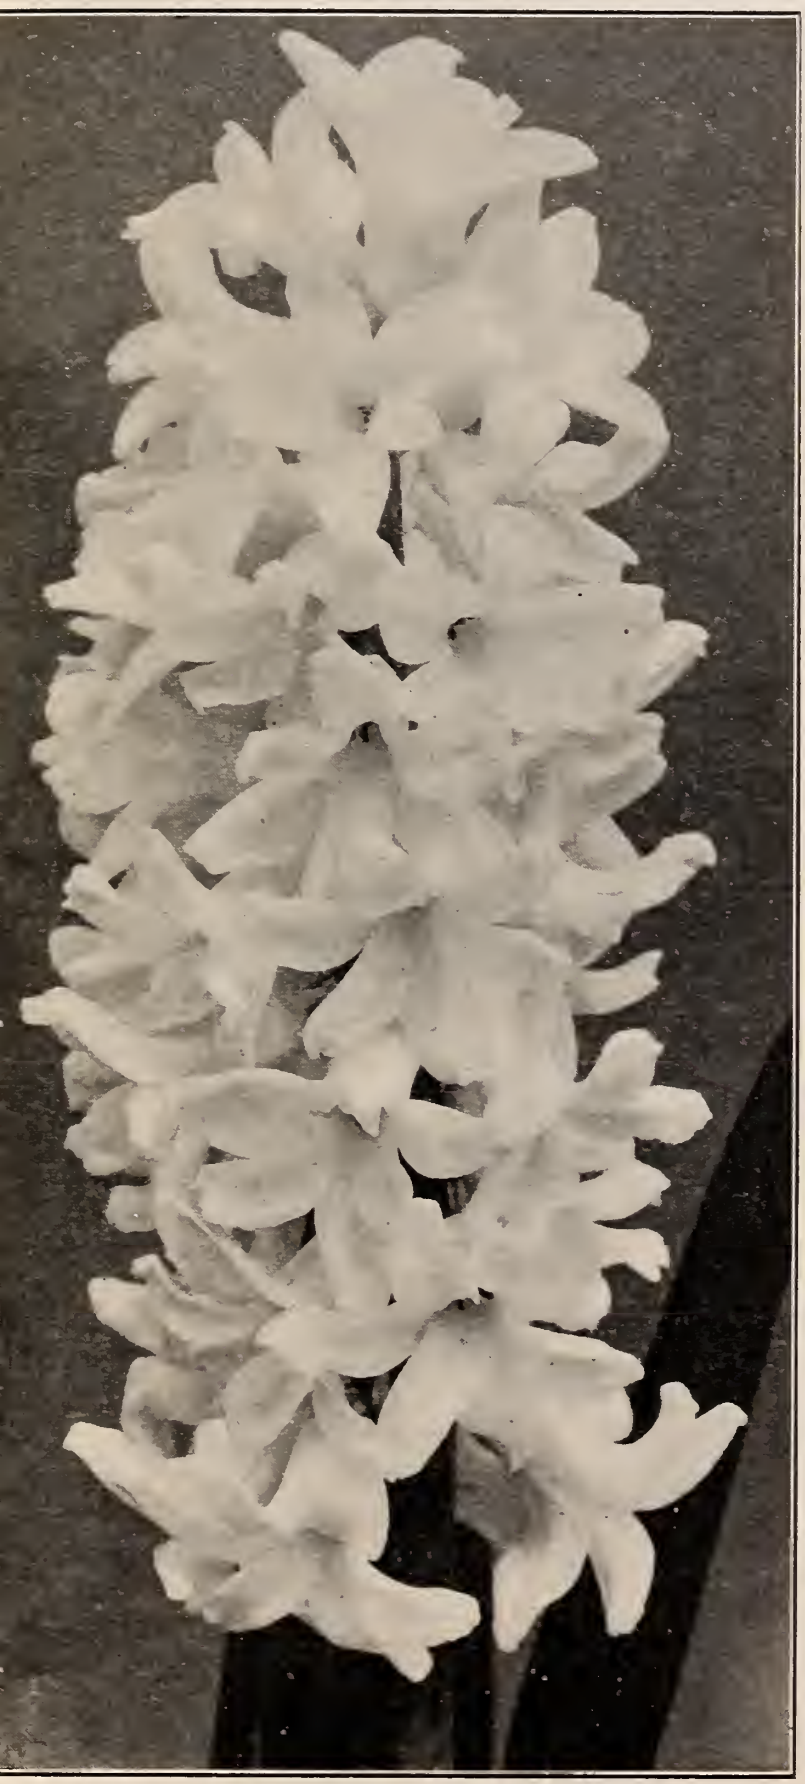
VICK'S HYACINTHS

First Size Bulbs, 17–18 cm., Especially Selected for Our Trade

An Unusual Opportunity to Buy Superfine Quality Bulbs at Low Prices



THE last three years have seen many changes in the bulb growing district of Holland. During the war the bulb growers were required by law to use every acre of available ground to plant food crops and were only allowed to plant a certain limited acreage in bulbs. As the natural result of this condition, the bulb growers, in order to reduce their stocks, discarded many run down and inferior varieties of bulbs retaining the newer and more promising varieties together with the best of the older sorts, so that in our catalogue of this year, while we offer the best of the old familiar varieties we also offer quite an addition of new names of proven merit that have heretofore been too expensive to catalogue, but are now on the same footing as other bulbs.

Not less than 6 of one variety at dozen rate, 25 at hundred rate.

VICK'S Darwin Tulips

Darwin Tulips are noted for their rare beauty, large flowers, long, strong, erect stems, and long flowering period. The stems are from 1½ to 3 feet in height, and bear mammoth blooms of handsome shape in beautiful satiny shades of all colors. The foliage is abundant, strong and heavy. On account of their great beauty they are growing in popularity by leaps and bounds. Planted in connection with the early-flowering kinds they will complete a succession of bloom from early spring until the first of June. While they are especially adapted for outdoor growing, they can be grown for cut flowers under glass if forced slowly. We recommend these named varieties as our selection of over fifty kinds.

The varieties marked (*) are especially good for forcing.

Old Dutch Tulips

The Old Dutch Tulips are again coming into prominence and they certainly deserve to be used much more largely than they have for several years past. The Breeders are especially desirable. In them nature's happiest color combinations of purple and mauve, bronze and gold, brown and silver tints are revealed. They harmonize with high class house furnishings as if they were made for such settings.

The old varieties with their gaudy, oftentimes flashy colors have been gradually discarded until now we offer in this group the most artistic and pleasing combinations of colors found anywhere in the tulip family.

Vick's May Flowering Tulips

During the last few years there has been an immense sale on many of these varieties. They surpass the earlier kinds for out-door growing because of the length of their stems. Many of them have large, open flowers, while others, especially the so-called "Botanical Tulips" though unusual in shape, are exquisitely beautiful.

VICK'S SELECTED NARCISSUS

NARCISSUS are the most effective of all bulbs for use in shrubery and for a border in front of massed bushes or hedges. Bicolor Empress, Yellow Emperor and Golden Spur are especially desirable. For indoor culture, Narcissus are, of course, indispensible, especially the Polyanthus varieties. In addition to all of the best standard varieties you will find in our list this year a number of additions, which we feel confident will make many friends. We hope that our division of classes this year may be of especial value.

LILIUM AURATUM

HARDY LILIES

The following list of Hardy Lilies of both Japanese and native culture will be found invaluable by florists in providing a supply of the choicest kind of cut flowers for use during the early summer months. These bulbs may be planted this fall, or they may be planted in the early spring and they will give you flowers at a time when flowers are scarce, at a fraction of the cost of indoor lilies, and once established they are a fixture, as they come up year after year and only require the yearly addition of fertilizer and ordinary cultivation.

NOTICE

The prices on this page are based on the best information available at the time this catalogue goes to press, but are subject to revision up or down according to the market at the time of shipment.

	Per doz.	Per 100
Lilium Album. Beautifully formed white lily, the petals of which are back curved instead of cup shaped like the indoor lilies. 3 to 4 feet high, profuse blooming	$3 00	$20 00
Lilium Auratum. (**Gold Band Lily of Japan.**) Largest and best known of the Japanese lilies. Color, white with crimson spots with golden yellow stripe through center of each petal. Fertilizer must be well mixed with the soil so that it will not come in contact with the roots. 8 to 9 inches.	3 00	20 00
Lilium Candidum. One of the most popular of all the outdoor lilies, and popularly known as the "Madonna Lily." Ready for delivery about September 1st and comes in three sizes: Large size	1 75	12 00
Extra size	2 25	15 00
Mammoth size	2 50	18 00
Lilium Magnificum. Crimson. One of the finest of the Speciosum lilies	3 00	20 00
Lilium Melpomene. Crimson, spotted with deep blood red, each petal distinctly bordered with white	3 00	20 00
Lilium Rubrum. Very prolific blooming. White and rose grounds, spotted with crimson. All lilies of this class have back curved petals	3 00	20 00
Lilium Elegans Atrosanguineum. Dark blood red with dark spots	1 75	15 00
" " **Batemanni.** Color, apricot yellow	1 75	15 00
" " **Incomparable.** Deep crimson, slightly spotted with black	1 75	15 00
" " **Indian Chief.** Bright flame color	1 75	15 00
" " **Wallacei.** Vermillion-orange, spotted	1 75	15 00
Lilium Tigrinum Splendens. Single Tiger Lilies	1 75	14 00
" " **fl. pl.** Double " "	1 75	15 00

N. B.—It is good practice to cover the ground that is to be used for hardy lilies with two or three inches of stable manure or litter to prevent the ground freezing so that if the Japanese bulbs arrive in this country late, as they sometimes do, you will still be able to plant them.

PLANTS AND BULBS

LIMITED SPACE does not permit us to enumerate our entire list of Plants and Bulbs. Prices on other varieties will be furnished upon request. It is our aim to offer the best stocks obtainable — strong, true to name, and free from disease and insects. We prefer to furnish the Best, not the Cheapest. No charge for packing. Unless so requested, we never ship plants by freight. To insure safe packing, greenhouse plants are removed from the pots.

FERTILIZERS, INSECTICIDES AND FLORISTS' SUPPLIES

PRICES QUOTED HERE ARE NET CASH, AND SUBJECT TO MARKET CHANGES

Pulverized Sheep Manure. Natural and offensive. A pure animal fertilizer, dried and pulverized. Contains no acids or chemicals to burn the seeds or plant roots. Special Price for Fall Sales. 100 pounds for $2.50; 500 pounds for $10.00; 1000 pounds for $19.00; One ton for $37.50. Net cash.

Nitrate of Soda. (Chili Saltpeter.) The best and cheapest form of Nitrogen for plants. Highly concentrated and immediately available. Nothing like it to make plants grow. 10 lbs., $1.00; 50 lbs., $4.50; 100 lbs., $8.00; original bag (about 200 lbs.,) $15.00.

Florists Bone Meal. Nothing better for mixing with potted soil for bulbs than Bone Meal. 100 pounds for $3.25; Bag 200 pounds, $6.25; 500 pounds $15.50.

Wood Ashes. High Potash Analysis. Per barrel, (about 200 lbs.) $3.50; ton, $30.00.

Arsenate of Lead. (Dry Powdered.) ½ lb. 35 cents; per lb., 60 cents; 5 lbs., $2.25; 25 lbs., $10.50; 100 lbs., $42.00.

Arsenate of Lead. (Paste.) Per lb., 35 cents; 5 lbs., $1.75; 10 lbs., $3.25; 25 lbs., $6.00; 100 lbs., $22.00.

Black Leaf 40. A concentrated solution of Nicotine sulphate which does not evaporate like "free" nicotine, in ordinary temperatures. Therefore especially valuable for spraying in the gardens, nursery or orchard. 1 oz. bottle, 25 cts.; ½ pound can, $1.00; 2 pound can, $3.25; 10 pound can, $13.75.

Fumigating Lamp, complete for use with Nikoteen Liquid, Nico-Fume Liquid or any other liquids used in fumigating Greenhouses. Each, 85 cents; two for $1.50.

Fumigating Lamp, Glass, uses alcohol fuel, complete with stand, for use with any liquid insecticide. Each, 85 cents.

Nico-Fume Papers. Tobacco paper in sealed tin cans. Most effective and best method of fumigation. Tin cans (24 sheets) $1.25; 1 gross can (144 sheets,) $5.00; 2 gross can (288 sheets) $9.50.

Nico-Fume Liquid is a highly refined solution of "free" nicotine, guaranteed under the National Insecticide Act to contain 40 per cent. of nicotine. FOR SPRAYING, one or two teaspoonsful to the gallon of water furnish an effective remedy against Green Aphis or Thrips; and for VAPORIZING, one-half ounce per 2000 cubic feet furnishes a strong fumigation. "Nico-Fume" Liquid thus has the advantage of being employed both for spraying and for fumigating. The labels contain complete directions. ¼ lb., 65c; 1 lb., $2.00; 4 lbs., $7.50; 8 lbs. $14.50.

Tobacco Dust (fine) For dusting. 1 lb., 10 cents; 5 lbs., 40 cents; 10 lbs. or over 7 cents per lb.

Tobacco Stems for Fumigating. Fresh clean stock in bales of about 50 lbs., each per bale, $1.25; per 100 lbs., $2.00.

Fish Oil Soap. Used as a wash for roses, trees, and plants affected with insects. 1 lb. box, 30 cents; per dozen, $3.00. ½ lb. box, 20 cents, per dozen, $1.50.

Nebelastic. A perfect compound, superior to putty, for glazing, re-glazing and repair work. It never hardens or gets brittle—contracting and expanding with the frames of the greenhouse, resulting in a saving from broken glass. We sell it under a money-back guarantee in 35 and 55 gallon drums at $1.50 per gallon; 5 gallon cans, $1.70 per gallon; 1 gallon, $1.75; Glazing Gun, —ordered with the large drums, Gratis; One-handed Glazing Gun, $5.00.

Pot Labels. Painted, per 1000 — 4 inch, $2.10; 4½ inch, $2 30; 5 inch, $2.60; 6 inch, $3.20; 10 inch, $7.75; 12 inch, $9.50. Plain, per 1000—4 inch, $1 45; 4½ inch, $1.75; 5 inch, $2.10; 6 inch, $2.60.

Raffia.—Market unsettled. Prices on application.
